Dear Commissioner of Patents and Trademarks;

I am writing this letter, to thank you for informing me about the process "COOL WAVE", (request for Utility Patent Application, which you received in 02/09/2004). In case the process has not yet been analysed, I would like to know, if possible, how long I have to wait, in order, to find out the results of the analysis?

Note: I would appreciate, if you could, send me the answer by fax: 252 418749  
Thank you.

Yours sincerely

António Fernando Melo e Silva
